BASKETBALL TEAM PLACES

With the Beta Alpha Particles now going to press the basketball team is about to begin it's quest for an IFC title.

Having beaten Theta Chi fraternity by a close one point 26-25, Beta Alpha now tackles a strong team from Sigma Pi in the first round of the Playoffs.

In the past, Pi Kappa Phi basketball teams have always come close to gaining an IFC title. But they have never captured it.

Dushney, Cadigan, and Soul Man are gone, but their basketball prowess will long be remembered. Gosh, our ears are still ringing with all that "poop" they tried to foist on us. They were good, at least that's what they said, but our trophy case still longs for that treasured trophy.

This year we think we have the caliber of player who can back up his mouth with some equally good shouting off on the court.

Despite the handicap of only average height in a tall league, Pi Kappa Phi surprises opponents with torrid shouting and tough team defense. All this stems from our chronic desire to win the IFC Championship.

The Los Angeles Lakers have a fellow named Jerry West and the Knicks have Willis Reed. Beta Alpha has the talents of "Walt Bakala" De Nicholowho boasts of a 25 point average per game.

Not far behind is Bill "Motoad" Mokoid. A relative newcomer to the basketball court, he has only this semester managed to co-ordinate his arms and legs to produce a good rebounding effort.

Do not forget "Baby Boy" Jim Stiles, after six years of playing for the house finds himself with a new confidence. He still does not play well but he does have a new confidence.

Tommy "Toad" Herits is back this year and playing to good effect. Hobbled by a severe collar bone fracture last year, Tom Toad is amazing as an example of sheer guts and desire. The epitomy of man's drive to overcome and achieve. Even though Tommy cannot shoot or rebound well, he is still an inspiration to the team.

Another Cadigan, "Uncle Al" Ianuzzi keeps his wrists in good shape by turning hamburgers at the Blazer Grill. Al is another pathetic figure on the basketball court. He is presently developing a beer belly which may surpass that of immortal Les Cadigan. Al Al is a good man only he shoots just like Dushney did when he was in his youth, too much.

Don Van Houten the sixth man of the team can substitute as a guard or forward. It is a shame that he cannot play either position well.

Rounding out the team are super subs "Snake" England, Bob Russo, Ted Cassera, and Majerka-witz.

by Bill Mokoid

ALUMNI DEBT

Then there are those Brothers who have never really lived up to their 'obligations'. And, who in so doing have impressed a weighty hardship on the undergraduates.

It is to these Brothers that we, the Undergrads, exhort to come up with the cash.

The Alumni have presently an outstanding debt to the House of exactly \$946.64.

There is no way that the House can continue to operate under these conditions. The Undergraduates are shouldering a one thousand dollar burden for which they were in no way accountable.

The following Alumni are in arrears as our records indicate:

Dushney	\$ 5.89
Munier	\$ 8.50
Susidko	\$ 10.00
Donnelly	\$ 11.59
Miller	\$ 13.50
Butterfoss	\$ 22.00
Bigos	\$ 22.00
Bruno	\$ 30.00
Stropnicki	\$ 45.00
Sepko	\$ 46.00
De Luca	\$ 47.00
Hess	\$ 59.50
Hospodar	\$ 60.50
Filipkowski	\$ 61.00
Yourchuck	\$ 71.16
Rodrigues	\$ 90.25
Van Wyck	\$ 91.50
Di Napoli	\$223.25

It's really important that these monies be paid to the House.

ALUMNI BASKETBALL

Just a short note on a recently held alumni-undergraduate basketball game:

Held in the school gym, the game was played hard and close. In the end on a hot streak, the undergraduates spurted ahead to a final score of 84-56.

Five alumni showing on very short notice were:

Pat Parkinson
Jack Lavery
Dave De Luca
Larry Butterfoss
Les Cadigan

A small game of Whales-Tails followed the ballgame. And, alas, the Alumni lost again.

NEW NEWS

If you are not on the NCE alumni mailing list, then you probably don't know that a new chemistry building is nearing completion. Adjoined to the EE building * Faculty Memorial * the new facility will replace the old chem labs in Tiernan Hall.

Also, the Student Center here at NCE is now closed to outsiders. A rash of holdups in the building prompted the move. An identification card is now required for admission to The Center.

The Rutgers Newark Center has a similar policy and, in fact, initiated their policy move first.

The Party Room isn't really a party room anymore. It's the result of a new format being employed to encourage the girls to stop in to the House. Parties are now being held in the Chapter Room. And then, if the music seems a little too harsh to the ear, you can always go into the old Party Room and listen to some of the Brothers strumming and singing folk tunes.

Ray Spinnelli and his wife Beverly have a new baby girl.

Ed Kelly is presently working toward his M.S.Ch.E. here at NCE and is scheduled to graduate in June of '71.

Rich Hinson is presently living in ATWATER, California. He has recently won his pilot's wings.

Bob Key is the new Chapter Advisor for Beta Alpha.

The Jellybean Contest

Beta Alpha set a school precedent this past February 8th marking the inauguration of the Annual Pi Kappa Phi Jellybean guessing contest.

The impetus behind the initiation of this fund raising spectacular was our own Joseph "City Hall" Moran III.

Labeled as a raffle (50-50), the affair was run up at the Student Center. The large one gallon jug containing the jellybeans was held on display for a week with various brothers manning the raffle table behind which the Pi Kap banner ostensibly hung.

Chances for the raffle went for a quarter a piece. Guesses ranged from a subline low of 33 to a ridiculous 10,000,000,000.

In the final tabulation our own Charlie Forman was closest, to the actual amount of 937. He was disqualified when it was disclosed he had access to the jar before the contest began.

It should be mentioned that all profits went to support the new foster child in Viet Nam.

Bowling Team in Contention

The long and arduous bowling season is winding down to a very tight finish. And as usual, Pi Kap again finds itself in the thick of the fight.

The competition is unusually of high caliber and this year is no exception. Beta Alpha presently holds a 37-12 record. Tau Delta Phi is now in the number one position followed closely by our team.

The team captain is Bruce "Beno" Merker. Early season success was due mainly to the strong effort of all IFC All-Star, Bob Russo.

With Russo now in the throes of a late season slump, the pressure has fallen on "Snake" England, "Swamp Fox" Mazerkewitz, and "Motoad" Mokoid to produce the winning margin.

Alumni Pledge Account

Within the last few years, a new Pi Kappa Phi savings account has been opened at the bank. It is called the Alumni Pledge Account and funds that are deposited in it will be used solely for house conditioning.

To this date the Alumni Pledge Account contains \$ 369.85. The undergrads would like to thank the following brothers for recent contributions to this account;

Rich Brusco	\$ 10
John Bernet	\$ 30
Al Christian	\$ 10
Jay Dushney	\$ 20
Frank Eskesen	\$ 100
Bill Kowalski	\$ 10
Jack Lavery	\$ 7
Cliffy Malerick	\$ 10
Kevin Mc Granor	\$ 10
George Stramback	\$ 40
Bill Toth	\$ 100

This year, the house and party room roofs may finally get a badly needed topping. Estimates for the job hover about the region of \$750. That is where Alumni Funds will do a world of good.

We realize that most Alumni do not get too much out of the House. But, you might make a contribution if you had the extra coins laying around.

If the other Alumni were not so lax in paying their debts, well maybe we wouldn't have to seek this kind of Alumni support. We'd like nothing better than to throw a few parties for the Alumni, But...

IT'S DYNASTY TIME

As the 1971 softball season approaches, it appears that our omnipotent softball team may be developing into a dynasty unequalled in the history of the IFC.

Following the successful campaign of a year ago, our present team, composed entirely of tested veterans is back. And it is stronger than ever. It is quite evident that these men will continue their dominance of IFC play.

Our outfield is unrivaled in speed and depth. Ted Cassera our illustrious left fielder and centerfielder Curly Gnat Heccolo have more range in the outfield than in all of organized sport.

Other outfield candidates include Bill Mokoid, Don Van Houten, Bill Parkinson, and Bill Smith.

At catcher is jumpin' Joey Moranowitz. He shows a lot of promise.

Steve Mazouat is considered the ace of the pitching staff, by his wife Mary. Steve led the club in strikeouts last season with two. He also set records in the conference for most walks allowed in an inning, a game, and a season.

For relief pitchers Pi Kapp can proudly boast of Scott Lefty Albin. A product of the Bronx, New York streets, Scott brings to the ball club a wealth of pitching experience. Once a Yankee starter, Scott was picked up by Beta Alpha Chapter on waivers.

Rounding out the pitchers is one Larry Fischer. A fine athlete, Larry is an excellent fast ball pitcher.

Lastly comes the infield. A finer set of men you'll never encounter. They make up the backbone of the team. Composed of Jim

Brogan at the hot spot, 3rd base, Pineapple Perez at short, Jim Krucher at second and big Benno Merker at first the infield set an IFC record averaging two double plays per seven inning game.

Stumpy Brogan is a human funnel at his position. Pineapple and Straightman Krucher add greatly to the co-ordination of infield play.

Benno is adequate at first.

Our team may be strengthened by the pledges and new initiates. But, so far their talents have gone unseen.

As the spring advances and opening day draws near, these men will prove they are the finest team ever to reign from the halls of Pi Kappa Phi.

Jim Krucher

Gone are those fall days when Dushney, Butterball, and Chomiak roamed the gridiron. Above is a parting shot of this past year's squad.

Lysistrata

Under the inspiring and talented direction of Greg Plowass and Scott Albone Beta Alpha's production of the very sexy Greek play, Lysistrata, secured first place at the annual IFC talent show for the second year in a row.

The star of the show was Steve Depalma. Those enormous voluptuous breasts and silky smooth black hair presented the ultimate in feminine beauty.

The real standout of the show was Tony Perez, who along with his two foot golden dingus, left the audience rolling in the aisles with laughter.

The rest of the sensuous cast included Don Moro, Don Van Houten, Steve Mazouat, Bill Mokoid, Bill Parkinson, and Frank Gyzsz.

New Initiates

The new initiates are:

Vito Convertini, Bill England, Ed Esposito, Frank Falcone, Dennis Kaser, Joe Manfredi, and Michael Mahfouz.

Vito is from Fairview, NJ. He holds the distinction of being the only pledge to be hit by a train. Nothing serious though.

Bill England is from Cliffside Park, NJ. He shows alot of promise in basketball and bowling.

Ed Lou Costello Esposito lives in Ridgefield Park, NJ. Ed is a really big man with the girls.

Pledge President Frank Falcone resides in West Orange, NJ.

Dennis Kaser hails from Maywood New Jersey. A quiet but amiable guy, he'll offer alot to next year's basketball team

Mike Mahfouz is the MGC-GT freak from Paramus, NJ. His hobby is his car and he enjoys road rallies.

Last but not least is Joe Manfredi, from Midland Park, NJ. Joe is the President of the freshman class.

Scott Albin, though not a new Brother, wanted to see his name in print, so here it is Scott.
